Customer Reviews

I've actually tried to juggle but ended up hitting myself in the head when the balls went out of control! A couple of things I like about this book: 1) it's illustrated with each step of the process (I'm a visual learner); and 2) the author explains in great detail how to visualize juggling before actually juggling. If this is a skill you want to learn, grab this guide - you'll save your head a bunch of dings!

I've always been impressed when I've seen a juggler juggling numerous balls all at once, but never thought I'd be able to do it. Well, now I might just be able to! No - I CAN do it - by following all the clearly outlined steps in this book, I WILL be able to juggle at least 3 balls at a time, and then I'll be the one impressing my family and friends!

Yep, now I know that ANYONE CAN JUGGLE, EVEN ME! Great and easy techniques. I just started, I haven't mastered it as yet but I think I will be the center of the coming party! Cool book. Thanks!

I have Always watched jugglers and have been in awe of their skills and talents, wondering if I can do that. Now I believe I can. After looking through the simple steps in this book, I can see my self actually juggling & being the Life of the Party
