From the back cover: On my many trips to Alaska over the past twenty-five years, I looked for books this great state. I found none that gave me the kind of experience of Alaska I sought. So I wrote just the sort of book that gives the reader that broader Alaska experience. One can read about the adventures available in Alaska, the humor of the people, the inventiveness and color of the individuals who gravitate to the state, and the huge, dramatic backdrop of the mountains and glaciers and ocean that define the state as well.

From the author: I have an interesting birth date, 3-3-33, and, maybe partially because of that, I've led an interesting life. My wife Evie and I have been married fifty-four years and have a son in Arkansas and a daughter in Alaska, where she has lived for thirty-one years. Each of our children have two sons, both just as interested in the outdoors as we are. We've shared many adventures together. This book includes many of the experiences we've encountered in Alaska over the years. We hope to make others' visit to this fine state more enjoyable and share with our readers the beauty of Alaska. This is my fourth book centered on my love of nature.

## Customer Reviews

GREAT

Difficult to read. Because of bad spacing. Bad capitalization. This was my first and last book. I.e.  
get your act together.
