Customer Reviews

the TITLE SAYS ACCESS CARD PACKAGE and it DID NOT come with and access card. What a waste of time and money. Beyond frustrated.

Second time sent without access card... Would not bother. This one you should by new.

Very upset with this purchase. Bought this item brand new. It came with an access code, but it was not the correct one. I had to drop an extra \$100 through my school to purchase the correct one. The book arrived in excellent condition, and I have no complaints against the text. But I was extremely irritated that I had problems with the access code, even though I purchased this item new. Waste of time and money! I advise against this unless you only need the book.

DO NOT WASTE YOUR MONEY and TIME. Very dishonest seller. The title of the Product is "Campbell Biology Plus MasteringBiology with eText -- Access Card Package" BUT there is NO Access Card coming with the book. Apparently, I am not the only victim, and DON'T BE THE NEXT ONE.

There's nothing wrong with the book, but when I ordered it new with the access code, it didn't work. I called the customer support line, and they said they couldn't help me.

no access card as described

I entered the provided e-text code and got access to Freeman's Biology not Campbell's Biology. Hopefully they will fix this.

I wish I had read other users' comments before I made this purchase because then I would have known better than to expect an access to come with my textbook (even though it was advertised to be a package deal). I am extremely frustrated. Pearson is a bitch.
