Customer Reviews

This is an amazing, unique coloring and doodling book. The book is beautiful, the images artistic, flowing and a bit mysterious. With 61 captivating, very detailed illustrations to color with pens or colored pencils and another 32 simply detailed illustrations waiting for you to complete with your own doodling designs. 1. 124 pages to color on 62 pages with illustrations printed front and back of each page. Printed on heavy weight paper, bright white paper that has most of the backgrounds colored. 2. 61 amazing, artistic illustrations to color, with the backgrounds already colored. 3. 32 illustrations simply detailed for you to complete with your own doodling. 4. Gel pens and colored pencils work well with this book, I tested Fiskars Gel Pens and Irma Gel Pens and neither leaked through the pages. 5. I tested markers and Bic Mark-it, Sharpie, and Pentel, leaked through the page enough to ruin the picture on the backside of the page I tested. Staedtler Fine liners leaker through the least with only a couple dots of black actually going through the page so I am going to color a picture with these. The Staedtler Fibre tips some colors did leak through especially the very dark colors blue, green, black and other colors did not leak through at all. 6. This is a beautiful book, the

cover is thick heavy weight cardboard, the book is 11 ½ inches by 8 ½ inches and it is ½ of an inch thick.7. The background colors make this book special, some are solid, some are not solid giving the background a rustic look, some are made up of multiple colors, a couple have lines in the back ground color my least favorite.8.
