After being kidnapped, Dr. Jessica Benson suffers from a case of post traumatic stress disorder that can’t be good for her drug habit. But how can she get the help she needs without risking her medical license? And why does she keep thinking about the sexy detective assigned to her case? Confirmed bachelorette Detective Mac Calabrese can’t help the attraction she feels for her star witness, but she’s professional enough to fight the attraction. Teaching Jess self-defense draws them closer, but can the clean-cut Mac handle Jess’s past history of drug abuse? And will the homicidal drug dealer Derek Knight put an end to their love before it even begins?

I was super intrigued when I read that Jaime Maddox was going to write a story about Dr. Jessica Benson. She was an important character in Deadly, and quite frankly came across as a giant jackass. I wanted to see how the author would bring this character some redemption. First, you really want to read Deadly Medicine before you take a go at this one. Do you
have to? Well no, who am I to tell you to follow the rules, but I would recommend it. If you remember Jessica is Ward’s ex, who basically trampled her heart, cast her out like a stone, all the while popping OxyContin and Xanax like tic-tac’s. She was a hot mess before being held hostage by the psycho serial killer doctor from Lucifer’s lair, and now it has gotten even worse. So Jessica decides to take treatment for her PTSD and drug addiction, before life spins even further out of control. Enter Mac Calabrese as Jessica’s love interest in this novel. Mac is your all around dashing, do-gooder detective for the Pennsylvania State Police. One-hundred percent committed to her job, never meeting anyone who interested her more than catching bad-guys. Mac meets Jessica as she tries to put the pieces together of the Edward Hawk case. Do sparks fly? Well kind of. Jessica is going through such a huge transition in her life after completing her stay at a rehabilitation center and getting sober, but she doesn’t really know what to do with her attraction to Mac. Mac being the good gal knows that Jessica is totally off-limits while the Hawk investigation is open. Really, you would have hoped for more tension during these trying times, and it’s just not tense enough, in my opinion.
