The Official NBA Basketball Encyclopedia (3rd Edition)

Synopsis

On December 12, 1891, 13 rules of a new game were posted in a YMCA gym in Springfield, Massachusetts. At each end of the floor, Dr. James A. Naismith, who had invented the game, had peach baskets nailed below a walkway that happened to be 10-feet high. Within a few days, one of Naismith's students would christen the new game "Basket Ball." Over a century ago, no one could possibly have envisioned the extraordinary changes that were going to transform Dr. Naismith's game. Who could have imagined a 6-10 George Mikan swatting shots away from the basket? Julius Erving in flight, soaring in from the free throw line for a heart-stopping stuff? Or Bob Cousy throwing a mind-boggling no-look, behind-the-back pass; Jerry West hitting a 60-foot shot with no time left in a crucial playoff game; Larry Bird's three-point prowess and Michael Jordan rising to heights - literally and figuratively - never before seen by any athlete? Who could have foreseen more than 62,000 fans crowded into the Georgia Dome to see a game between the Chicago Bulls and Atlanta Hawks? Or the titanic battles between Wilt and Russell? Or the Dream Team? The longevity of Stockton and Malone? Red Auerbach's victory cigars? Phil Jackson's Zen coaching? Or Shaquille O'Neal's powerful dunks? Who could have ever predicted talent like Magic Johnson, Charles Barkley, Walt Frazier, Tim Duncan, Kevin Garnett, Grant Hill, Vince Carter, Jason Kidd, Allen Iverson, and Kobe Bryant? With an Introduction by NBA Commissioner David J. Stern and a Foreword by Michael Jordan, this third edition of The Official NBA Encyclopedia captures it all: The past and the present. The complete stats and the complex personalities. Dynasties, rivalries, coaches, referees, all the pre-NBA leagues, vignettes and features by the top basketball writers in the world. Every NBA season is reviewed and individual statistics are provided for every player who has ever played in the league. An extraordinary 32-page color photo essay that captures the spirit of the game since Naismith conceived it opens this encyclopedia in an unprecedented and spectacular manner. From the peach basket to the slam dunk championship - it's all here in The Official NBA Encyclopedia, a book that's almost as exciting as a triple overtime seventh game of the NBA Finals.

Book Information

Series: Official NBA Basketball Encyclopedia

Hardcover: 896 pages

Publisher: Doubleday; 3 Sub edition (October 17, 2000)

Language: English

ISBN-10: 0385501307

ISBN-13: 978-0385501309

Product Dimensions: 8.9 x 2.1 x 11.2 inches

Shipping Weight: 5.6 pounds

Customer Reviews

I agonized (for a very short time) whether to rate this third revised edition of the encyclopedia three or four stars and decided on three. The first thing I noticed about this heavy volume is that there is slight difference in the title. The second edition was called "The Official NBA Basketball Encyclopedia"; this edition is simply "The Official NBA Encyclopedia". I suppose the league figured that If you know what the NBA is, the word "Basketball" is superfluous. Just finding the table of contents is a chore. After the title page, instead of a table of contents, there is a 30-page photo essay showing highlights of the league's history. The table of contents follows this opening section, and having to leaf through all the pictures to get to it gets old after the second time. Although this new edition has the same categories of statistical data as the previous edition (updated through the 1999-2000 season), the arrangement of some information is unorthodox. For example, the "NBA Seasons In Review" are presented in reverse order, so the 1999-2000 season is at the front, and you have to work backwards to find the year you are looking for. Fortunately the "All-Time Player Directory", with each player's complete record, lists names in normal alphabetical order. On the plus side, the pages of these two chapters are marked on the edge opposite the binding, so they are easy to find immediately. Besides the NBA, this book also gives comprehensive coverage to the American Basketball Association, which existed for nine seasons (1967-1976). The chapter on "The International Player" has a handy list of all foreign-born players who ever played in the NBA. The biggest disappointment is the section on "The Coaches".
