## Customer Reviews

I have another guide, Exploring Washington's Wild Areas: A Guide for Hikers, Backpackers, Climbers, Cross-Country Skiers, Paddlers, which is another excellent reference for hikers. That book is more comprehensive and a bit larger than this Day Hiking North Cascades: Mount Baker, Mountain Loop Highway, San Juan Islands book. The former, albeit a bit dated (first published in the 90's) covers longer backpacking treks as well as the shorter day hikes that are in the latter (first published in 2008). I just wanted to contrast the two, as they are both excellent guides for different applications. I needed a more portable book to lug around in my backpack featuring shorter day hikes, as I'm lucky if I get one day off per week. I live in Skagit County, right smack in the middle of

the hikes featured in this book, and based on others' reviews, I decided to buy this one. I'm glad I did! It is extremely thorough and well-written. The author, Craig Romano, clearly has an appreciation for the area and does a wonderful job of classifying each one of the hikes based on rating, difficulty, distance, elevation, and what season the specific hike is open. There are also other features outlined, such as dog-friendly, bike-friendly, camp locale, etc. There are many photo's showcasing the highlights to each one of these hikes.
